

# Party Hard / Cadillac

Chris Brown

I just need one more dance  
And girl I hate to spill it  
But it's not goin away  
I think I'm in love witchu  
And I can't help myself  
Cause this maybe the only chance I got with you  
And I know you gon show out  
She likes all them stripper poles  
Like takin off her clothes  
And when you work that girl you stop my heart

Shes got the perfect lips and perfect body  
Shes the life of the party (yeah)  
And she likes to part hard  
Shes such a rock and roller  
But shes exotic  
Shes the life of the party  
She likes to party hard  
Shes spilling your drink on me  
Livin wild and free  
Tonight  
Girl change my life  
I hope you put your lips on me  
My minds playing tricks on me  
Tonight  
We gon party hard

Shes been through your eyes  
And girl you might as well just say what your already thinkin  
(cause we on the same page)  
Take me to ecstacy and far beyond  
Show me how you have your fun baby  
And we got all night  
She likes all them stripper poles  
Like takin off her clothes  
And when you work that girl you stop my heart

Shes got the perfect lips and perfect body  
Shes the life of the party (yeah)  
And she likes to part hard  
Shes such a rock and roller  
But shes exotic  
Shes the life of the party  
She likes to party hard  
Shes spilling your drink on me  
Livin wild and free  
Tonight  
Girl change my life  
I hope you put your lips on me  
My minds playing tricks on me  
Tonight  
We gon party hard

(Shoo be do whop  
Do we who I wanna love you  
Shoo we do whop  
Do we whop (2x))

Can I  
Take your hand  
Can I  
Have a dance with you  
And when we touch  
It's like magic and fire woah oh

Shes got the perfect lips and perfect body  
Shes the life of the party (yeah)  
And she likes to part hard  
Shes such a rock and roller  
But shes exotic  
Shes the life of the party

In my cadillac  
Movin very fast  
Got a girl  
With a big ol ass  
And we go ho hunter  
Gonna have a good time  
Anything she want  
She can get it  
Cause my girl  
She be with it  
And I want her for the rest of my life  
I love to hear her say  
That she love me  
I love it when she tells me she needs me  
When she looks in my eyes  
Ooh ooh  
It feels like I'm high  
Ooh ooh  
Hoo woah hoh hoh hoo

It don't take a lot  
All I need is you  
To be the man for me  
But I want it all  
And I'm willing  
To give you what I need  
Baby I  
Ain't scared to show you the freaky side of me  
Sometimes I fight you off  
But I love it rough  
When you make love to me  
I love it when he says  
That he love me  
And I love it  
When he tells me he needs me  
When he looks in my eyes  
Ooh ooh  
It feels like I'm high  
Ooh ooh  
Hoo woah hoh hoh hoo
