That's one small step for man  
One giant leap for mankind  
Columbia, Columbia, this is Houston AOS, over  
(Columbia)

Can I? Wait, can I? Should I?  
Rewind, just remind me that I'm down  
Knocked down  
And it's your year  
I should have realized, realized, from the beginnin'  
You right, you right with that, baby (Huh)  
Yes, I know you better  
Girl, nobody else matters

If you stay away from me too long, I  
I might swim for it  
If you keep your love from me, girl, I might  
I might just keep going  
'Round and 'round in circles  
Could you stop fuckin' with my head?  
'Cause I see the color purple  
Don't break my heart

Don't wanna see  
Red, red (Don't wanna see)  
Red (Oh, no, no, no)  
Don't wanna see, see  
Red  
Eyes turnin' blurry  
I don't want this, bringin' down a part of me  
(Don't wanna see)

Don't wanna go back and forth, back and forth  
And you know it's a waste of time, baby  
To get through to you, oh-whoa  
You keep arguin' always 'bout the same thing  
But you don't mean it, no, no  
And I can't believe that you be so cold  
You can't even keep a low pro'

If you stay away from me too long, I (Stay away from me)  
I might swim for it  
If you keep your love from me, girl, I might  
I might just keep going (Ooh)  
'Round and 'round in circles  
Could you stop fuckin' with my head? (Head)  
'Cause I see the color purple (Ooh)  
Don't break my heart (Ooh)

Don't wanna see  
Red, red (Baby, I don't wanna see)  
(Don't wanna see)  
Red (Ooh, ooh, ooh)  
Don't wanna see, see  
Red (Ooh, ooh)  
Eyes turnin' blurry  
I don't want this, bringin' down a part of me

(Don't wanna see)

Don't wanna see

Red (Don't wanna see)

Red (Ooh, ooh, ooh)

Don't wanna see, see

Red (Ooh, ooh)

Eyes turnin' blurry

I don't want this bringin' down a part of me (Yeah)

(Don't wanna see, see)

Bringin' down a part of me

Ooh
