

# Should've Kissed You

Chris Brown

Why Am I mad, I don't get it,  
It seems like every time you give me signs,  
And I miss it!  
I did it again,  
I admit it,  
I left you standing there,  
And now I regret it,  
Seems like every time,  
I get the chance,  
I lose my cool, and I blow it,  
And I get all tongue tied,  
Lost in your eyes,  
I'm a fool, and I know it!

I should've kissed you,  
I should've told you,  
Told you just how I feel,  
And next time I won't stop,  
I'll listen to my heart,  
Cause what I feel is real!  
I should've kissed you,  
I should've told you how I feel,  
I should've kissed you,  
I should've showed you just how I feel

Now why didn't I  
Give you my two cents,  
A million reasons why I should have,  
And it makes no sense,  
So here I am,  
By myself again,  
Stopping for green lights, and I know,  
I wanna be more than friends,  
How come every time I get the chance  
I lose my cool and I blow it,  
And I get all tongue tied,  
Lost in your eyes,  
I'm a fool and I know it!

Hey,  
I should've kissed you,  
I should've told you,  
Told you just how I feel,  
And next time I won't stop,  
I'll listen to my heart,  
Cause what I feel is real!  
I should've kissed you,  
I should've told you how I feel,  
I should've kissed you,  
I should've showed you just how I feel!

So I turned the car around,  
And you were right where I left you,  
And your smile said you were feeling it too,  
And the moon shined bright,  
Cause when your lips met mine,  
And yeah I finally got it right,

I'll be leaving with you tonight,  
And I won't have to say,

I should've kissed you,  
I should've told you,  
Told you just how I feel,  
And next time I won't stop,  
I'll listen to my heart,  
Cause what I feel is real!  
I should've kissed you, Girl  
I should've told you how I feel,  
I should've kissed you,  
I should've showed you just how I feel

Girl I should've kissed you,  
I should've told you told you just how I feel,  
And this time I won't stop,  
Until I have your heart,  
Cause what I'm feeling is real
