

## Songs on 12 Play

Chris Brown

You're a goddess in the bedroom  
Devil in them skintights  
Drug that, I'm hooked to  
But it's ok, I'll be alright  
Tried my best to please you  
Show you what it means to  
Be a victim of love  
So turn on that red light, Oh  
Turn on that red light  
Ooh, eh

We gon' be bumping and grinding  
Seems like you're ready to sex me, baby, baby  
And I'm feeling on your booty, driving me crazy  
Half on a baby  
Cause' your body's calling me  
And with your permission let me start your ignition  
Don't you know that you're reminding me  
Of a song on 12 play  
You're like a song on 12 play

Fuckin' with an R&B thug  
You gon' have the greatest sex  
Do you mind if I stroke you up  
Baby girl, imagine that  
Dripping that honey love, I'm a hit it hard from the back  
Oh, oh, oh, oh, oh, oh, oh - just like that  
Do your body like a real freak (have a little private)  
Fiesta, fiesta  
Somebody's girl is on my body  
Naked, shaking  
Etcetera, et cetera, et cetera  
Hey baby

We gon' be bumping and grinding  
Seems like you're ready to sex me, baby, baby  
And I'm feeling on your booty, driving me crazy  
Half on a baby  
Cause' your body's calling me  
And with your permission let me start your ignition  
Don't you know that you're reminding me  
Of a song on 12 play  
You're like a song on 12 play

Ok, foreplay, that's child's play  
Making love is my forte  
Shots of you when I'm thirsty  
Damn right, I'm a eat that pussy  
Clothes all in the background  
I give a back shot, I don't back down  
She likes her hair pulled, that ass slapped around  
And the neighbours screaming out  
"Keep it down"

Baby turn on the red light tonight  
Lil' mama, it'll be alright  
I just wanna be all on you

Do it 'til we both can't move  
Your body  
Your hips, Your ass, girl  
Sweat dripping on my body,  
Like this my last girl  
So tonight

We gon' be bumping and grinding  
Seems like you're ready to sex me, baby, baby  
And I'm feeling on your booty, driving me crazy  
Half on a baby  
Cause' your body's calling me  
And with your permission let me start your ignition  
Don't you know that you're reminding me  
Of a song on 12 play  
You're like a song on 12 play

Oh na na na na na na, down low, down low  
Oh baby, baby, baby, baby baby  
Keep it on the down low, down low
