

Undecided

Chris Brown

No I don't see it often
And I probably should've told you I hurt this way
I know
And I probably shouldn't want this so bad
'Cause when you, when you know me
Don't wanna wake up in the mornin'
Can not enjoy what we did in this bed
And I can't get you out, so I gotta go
No, I'm not ready for you and me, all alone

But I'm undecided, excited, ignited
And I don't wanna feel the way I do, but I like it
Look at all these sparks flyin'
But I'm still indecisive
'Cause you want me to wife you
But I'm undecided

I know I shouldn't be doing this, but here we go again
Girl you know that pussy is my weakness (Weakness, weakness)
Girl, you got me addicted when you switchin' position
You told me, "Shut up"
And you know I listen, I hate it
Wish I never did it
I can't keep sinnin' and pretendin'

I'm takin' off your clothes
We gettin' sexual
It is so good, think I'll propose
I don't know

But I'm undecided, excited (Oh, yeah, yeah, yeah), ignited (Oh, yeah, yeah, yeah)
And I don't wanna feel the way I do, but I like it
Look at all these sparks flyin' (All these, all these)
But I'm still indecisive ('Cause you want me)
'Cause you want me to wife you
But I'm undecided

Oh, no, I'm undecided, yeah
I just don't know
'Cause I'm undecided
No, no, baby
I'm afraid of your love
Ooh, you got me baby
'Cause I can't get enough

But I'm undecided, excited (Oh, yeah, yeah, yeah), ignited (Oh, yeah, yeah, yeah)
And I don't wanna feel the way I do, but I like it
Look at all these sparks flyin'
But I'm still indecisive
'Cause you want me to wife you
But I'm undecided

No, no, and I want it
No, no, no, no
Ooh, but I'm undecided
