

# Wet the Bed

Chris Brown

Hear the sound of your body drip, drip, drip  
As I kiss both sexy lips, lips, lips  
Hear the sound of your body drip, drip, drip  
As I kiss both sexy lips, lips, lips

I ain't afraid to drown, if that means I'm deep up in your ocean, yeah  
Girl I'll drink you down, sipping on your body all night  
I just wanna take your legs an' wrap them round  
Girl you cummin' right now  
My head to your chest feeling your heartbeat girl  
Swimming all in your sea  
And you sweatin' all over me  
Girl, lean forward, don't you run girl  
I don't want to be a minute man  
Baby your just like a storm  
Rainin' on me girl, your soakin' wet

ooooo, whoaaaaaaa

I'ma kiss you right, yea, yeah  
I'm gon lick all night, yea, yeah  
Girl, when I'm inside yea, yeah  
Yeah girl, you heard what I said  
I'm gonna make you wet the bed  
Yea yeah  
Girl I'm gonna make you wet the bed  
Yea yeah  
I'm gonna make you wet the bed  
I'mma put your legs behind your head  
I'm gonna make you wet the bed

You don't know what you in for  
Bout to get into your mental, huh  
Bend you back like its limbo  
I'm gon make you feel like a Nympho  
Tonight (ooooh) your mine, baby girl, uhhhh

Anytime you want it  
I'm ready and willin' gotta give it  
I start to lick on your body  
You go to trembling  
Move around girl, let me get it from the side  
And can I visit all those spots you like  
Your neck, your back, your sexy lips  
booty and thighs

I don't want to be a minute man  
Baby your just like a storm  
Rainin' on me girl, your soakin' wet  
yea, yeah

I'ma kiss you right, yea, yeah  
I'm gon lick all night, yea, yeah  
Girl, when I'm inside yea, yeah  
Yeah girl, you heard what I said  
I'm gonna make you wet the bed  
Yea yeah

Girl I'm gonna make you wet the bed  
Yea yeah  
I'm gonna make you wet the bed  
I'mma put your legs behind your head  
I'm gonna make you wet the bed

I'ma make your body wetter than ever  
We'll get together you could tell as soon as I approach her  
When you feelin' uptight get it right  
Don't fight, lightin' up like Sammy Sosa  
Women call me the super soaker  
And I'ma soak your bed to death  
(don't stop, huh, huh)  
How long can you hold you breath, uhh  
A-a-asthma attackin'  
Waking up, wondering what happened  
Makin' me hot like Toni Braxton  
You can't deny you wanna break my back in, two  
What you wanna do, look at you with your birthday suit, suit, suit, suit  
The forcast said it's cloudy tonight  
And I'ma have your body like bloo, bloo, bloo, bloo

I'ma kiss you right, yea, yeah  
I'm gon lick all night, yea, yeah  
Girl, when I'm inside yea, yeah  
Yeah girl, you heard what I said  
I'm gonna make you wet the bed  
Yea yeah  
Girl I'm gonna make you wet the bed  
Yea yeah  
I'm gonna make you wet the bed  
I'mma put your legs behind your head  
I'm gonna make you wet the bed

Hear the sound of your body drip, drip, drip  
As I kiss both sexy lips, lips, lips  
Hear the sound of your body drip, drip, drip  
As I kiss both sexy lips, lips, lips
