Chris Brown

I thought we were great  
You took your love back and ran us off track  
I count all the days,  
'Til you would come back, how stupid was that?

Now you're missing what we used to have  
Guess the vodka brought the feeling back  
I was caught up in the aftermath  
But now, if you really want to know

Ask how many nights I've been thinking of you, zero, zero  
Gave a hundred percent but all I got from you, zero, zero  
I thought you were the one, then you turned and runned  
Found somebody better, like I never met ya  
Ask how many nights I've been thinking of you, zero, zero  
(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)  
That's how many fucks I give

Wake up with a dime  
Get up to no good better than you could  
Go out, free our minds  
Like you never would, never understood

Now you're missing what we used to have  
You been creepin round my Instagram  
I was caught up in the aftermath  
But now, if you really wanna know

Ask how many nights I've been thinking of you, zero, zero  
Gave a hundred percent but all I got from you, zero, zero  
I thought you were the one, then you turned around  
Found somebody better, like I never met ya  
Ask how many nights I've been thinking of you, zero, zero  
(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)  
That's how many fucks I give

Broke back then but a nigga rich now  
Got dollars, got euros, got yen, I got pounds  
Zeros, zeros  
Calling me up cause your bank check bounced  
My new chick one hundred  
And she got her own dinero, zero  
You think I'm thinking about your ass?

Ask how many nights I've been thinking of you, zero, zero  
Gave a hundred percent but all I got from you, zero, zero  
I thought you were the one, then you turned around  
Found somebody better, like I never met ya  
Ask how many nights I've been thinking of you, zero, zero  
(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)  
That's how many fucks I give,  
(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)  
That's how many fucks I give
