

# Pisses Me Off

Chris Caffery

Daytime pisses me off, it starts me off on a wrong foot race  
And night time pisses me off, it puts me back to the fucking place  
And the face that pisses me off, she leaves a sour after taste  
You see, my life pisses me off, I'm fucking sick of the human race

It's killing me, it's killing me  
It's killing me, it's killing me

Everything pisses me off, from your cue ball head to the Grateful Dead  
And the rap star pisses me off, they bitch and moan, Bang! Bang! You're dead  
And the TV pisses me off, reality is a joke to me  
'Cause my life pisses me off, a complete disgrace this human race

It's killing me, it's killing me  
It's killing me, it's killing me

Oh, it's hard to survive  
And nothing's gonna help ya  
Please, I can beg to survive  
But nothing's gonna help me

The computer pisses me off, it rules my life, this cyber wife  
That e-mail pisses me off, your faceless shit cuts like a knife  
Starbucks pisses me off, 5 bucks a cup, what the fuck is up?  
'Cause my life pisses me off, I'm just a pawn in the human race

It's killing me, it's killing me  
It's killing me, it's killing me

The terrorist pisses me off, with his fucking beard, the king of the weird  
And the war, it pisses me off, the prices rise, the market fries  
But the protests pisses me off, you raise your sign and fucking whine  
This life it pisses me off, a compluckin' disgrace this human race

It's killing me, it's killing me  
It's killing me, it's killing me

Oh, it's hard to survive  
And nothing's gonna help ya  
Please, I can beg to survive  
But nothing's gonna help me now

Here's the war, raise the sign  
Little pussy don't like it  
Freedom of speech, not a crime  
Many lives were lost to get here  
Land of the free, home of the brave  
You all will send us to our graves in time...

This life pisses me off!!  
This life pisses me off!!  
This life pisses me off!!  
This life pisses me off!!  
This life pisses me off!!  
This life pisses me off!!

Because my life pisses me off, it may be time to up and run

But running pisses me off, I'd rather stay and have some fun  
Because my life pisses me off, it feeds my anger happily  
'Cause happiness pisses me off, wipe your smile off your face fucking human  
race

It's killing me, it's killing me  
It's killing me, it's killing me

Does your life piss you off?  
Does your life piss you off?  
Does your life piss you off?  
My life pisses me off!!!
