

# Look at What I've Done

Chris Cagle

I saw it in her eyes  
When I was sayin' goodbye  
That girl, she ain't gonna be alright  
'Cause I could tell  
She'd be goin' through a livin' hell  
And I wouldn't be there by her side

And lord I felt so bad as I sat and watched her cry  
Thinkin' I was movin' on and she was barely gettin' by

Look at what I've done to her  
Look at how I made her feel  
I gave back her heart, the broken part  
She got the wrong end of the deal  
And look at what it's done to me  
You gotta know it tears me up  
I gave it everything I had, and  
Lord, it just wasn't enough  
And hurtin' her like this seems so wrong  
Yeah, look at what I've done to her  
Now she's alone

I saw her out last night  
And she was havin' a good time  
That girl, it looks like she's doin' fine  
But then I saw a man  
Walk up and take her by the hand  
And I, oh god, I almost died

And then it hit me, she didn't really need me  
I just sat there for a while, until I finally smiled

Look at what I've done to her  
Look at how I made her feel  
She's found somebody new  
And look who took the time to heal  
And look at what it's done to me  
You gotta know it tears me up  
To have walked away from the love we made  
And just leave it in a cloud of dust  
And now it's got me thinkin' maybe I was wrong  
After all the things I've done to her  
Now she's strong

I walked up and said hello  
She said, "it's goo to see ya  
But hey, I've gotta go"

Look at what I've done to her  
Look at how I made her feel  
She's standin' tall, she's got it all  
Got the world at her heels  
And look at what it's done to me  
Look at how it makes me hurt  
If I could go back now  
I swear somehow  
I'd find a way to make it work

Ain't life funny  
Now I'm the one alone  
Look at what I've done to me  
She's gone
