

# Follow My Way

Chris Cornell

Little one don't be a fool  
I'm a wreck when I look mighty  
In euphoria I'm bruised  
In confusion next I'm lightning  
In complacence I am small  
Through oblivion I charge

So follow my way  
When I'm not leading anyone  
Open and frayed  
When you can see that I'm unsure  
Out on my way  
I'm only pure when I get lost  
And you're only needing  
When you're finding that I'm not

You're just looking for a boy  
Bathed in infrared and sunlight  
I'm all polish and reward  
When I'm confident I'm hopeless  
Just like everybody else  
Right before they fall apart

So follow my way  
When I am falling from your heart  
When I'm in pain  
Fever and sweet relief in one  
Out on my way  
Though I'm not worthy of your trust  
Follow me down into a swan dive  
All eyes closed tightly

Lowly, slowly now I know I like  
Where you go when you're gone  
Warm your hands inside my veins  
I might be contagious  
Through oblivion I charge

Follow my way  
When I'm useless to your cause  
When I derail  
Calm in the patience of remorse  
Out on my way  
Out on my empty open nerves  
When all you know  
Is that I don't know where we are  
When all you know  
Is that I don't know  
Follow my way
