

# Get Up

Chris Cornell

1. You got a faded sky, you got no breathing room  
You got a wasted life, you got nothing to do

R: Get up, get up for the thrill  
Get up, do something more  
You need a backbone to roll with the world  
You gotta get you one to run with the bulls  
You ready? (4x)

2. You gotta buy or bust, you got a losing hand  
You put a house of cards on a hill of sand

R: Get up, get up for the thrill...

\*: You got a fatal flaw, skeleton made of straw  
Image is on the wall, keepin' you in the dark  
You're in a pack of wolves, tryin' to live alone  
If you're gonna be a mole, go back inside your hole

R: Get up, get up for the thrill...
