

One Day

Chris Crocker

We had love in the palm of our hands
But we let it slip to the ground
Didn't work out the way that we planned
Now we're just left hurtin' without

Your starry nights out inside your car
Just wishin' on a star

One day you'll look back and see
All the love that you left to me
How could you just throw it away?
One day you'll look back, I'll be
Just a faded old memory
I'll see it all slippin' away.

It's never too late
Baby, don't wait
Or this moment will pass you by...

And...
One day you'll look back and see
All the love that you lost to me
And hate how you threw it away

I... I... I love you
I... I... I really do
I... I... I love you
I... I... I really do

Lost the trust when you ran back to him
I guess you thought I wouldn't find out
Kept on saying that you two were just friends
I guess you thought that kissing didn't count

Those starry eyes I used to wish on are
Just lying to me now...

One day you'll look back and see
All the love that you left to me
How could you just throw it away?
One day you'll look back, I'll be
Just a faded old memory
I'll see it all slippin' away.

It's never too late
Baby, don't wait
Or this moment will pass you by...

And...
One day you'll look back and see
All the love that you lost to me
And hate how you threw it away

I... I... I loved you
I... I... I really do
I... I... I love you
I... I... I really do

I don't want to let go
'Cause I'm not ready to say goodbye
... No...
Baby, don't change the station
'Cause you're the only sound that I wanna hear
... Oh, yeah...

I miss the scent of your clothes
The way I would pinch your nose
I don't know what else to say
But don't let go... tonight.

One day you'll look back and see
All the love that you left to me
How could you just throw it away?
One day you'll look back, I'll be
Just a faded old memory
I'll see it all slippin' away.

It's never too late
Baby, don't wait
Or this moment will pass you by...

And...
One day you'll look back and see
All the love that you lost to me
And hate how you threw it away

I... I... I love you
I... I... I really do
I... I... I love you
I... I... I really do
