

# I See You Everywhere

Chris de Burgh

I see you everywhere, I see your eyes, I touch your hair,  
You took me on a highway to the stars, and left me halfway there;

I hold you in my dreams, your tender kiss is never what it seems,  
'cos when I wake up in the morning sun, I look, but you're not there;

I cannot believe this has happened to me,  
It's been heaven in your arms,  
You gave me so much, with an angels touch,  
And then you took my heart;

I see you in the street, and people turning at my running feet,  
But when I get up close a stranger's eyes, are looking back at me;

Oh I cannot believe this has happened to me,  
It's like heaven for one day.  
You left me like this with an angels kiss,  
And then you flew away;

I see you everywhere, I see your eyes, I touch your hair,  
I'm gonna take that highway to the stars,  
And I will find you there;

I see you everywhere, I see you everywhere,  
I see you everywhere, I see you everywhere.....

Everywhere.....

And when I'm looking for you, I'm gonna find you,  
And when I find you I am, I'm gonna hold you,  
And when I hold you I am, I'm gonna love you,  
And when I love you it will, it will be forever.....

Everywhere.....

I see you.... everywhere.....
