

# Love's Got A Hold On Me

Chris de Burgh

I got a light shining over me  
I thought this could never be,  
It's so amazing what I feel  
'cos love - love's got a hold on me;

Up in the air walking down the street,  
Smile like a fool at everyone I meet,  
I wake in the night, I just can't sleep  
'cos love - love's got a hold on me;

Too many heartaches, too many tears,  
Too many women, too many years,  
But I've got me a girl, who takes me high,  
All the way to heaven day and night;

Love is a dance with a different beat,  
And I can't stop my dancing feet,  
I'm as high as I can be  
'cos love - love's got a hold on me;

Too many heartaches, too many tears,  
Too many women, too many years,  
But I've got me a girl, who takes me high,  
All the way to heaven day and night;

Love's got a hold, a hold on me,  
Love's got a hold, a hold on me,  
Love's got a hold, a hold on me,

I said love - love's got a hold - love's got a hold -  
Love's got a hold on me...
