

## Fireflies

Chris Garneau

It's not easy so  
Take it slow  
You're coming up, you're coming round the bend  
You're my good friend  
Best friend  
And you're coming up,  
You're coming round the bend  
Ha ha. Ha

You're making friends with the fireflies  
I can't say that, that comes as a surprise  
But the things they say are not what they seem  
So you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean

It's a?  
I told you  
I'm wising up, I'm wising up to them  
They seem like good friends  
Best friends  
But I'm wising up I'm wising up to them  
Ha ha. Ha

You're making friends with the fireflies  
You know when they die their light stays alive  
But the things they say are not what they seem  
So you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean

You're making friends with the fireflies  
I can't say that, that comes as a surprise  
But the things they say are not what they seem  
So you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean  
Yes, you've been called to tell us what they mean
