Can't Help Falling In Love

Chris Isaak

Wise men say only fools rush in But I can't help falling in love with you Shall I stay Would it be a sin If I can't help falling in love with you

Like a river flows surely to the sea Darling so it goes Some things are meant to be Take my hand, take my whole life too For I can't help falling in love with you

Like a river flows surely to the sea Darling so it goes Some things are meant to be Take my hand, take my whole life too For I can't help falling in love with you For I can't help falling in love with you
