

Miss Pearl

Chris Isaak

Miss Pearl, Miss Pearl
Daylight recalls you, hang your head, go home
Daylight recalls you, hang your head, go home
The way you look right now
Don't even call me on the phone
Well, Miss Pearl, Miss Pearl
Daylight recalls you, here's your coat, go home
Daylight recalls you, here's your coat, go home
The way you look right now
I know you never, I know you never more gonna roam

Well, Miss Pearl, Miss Pearl
It's daylight in the morning, you look too uneasy
It's daylight in the morning, you look too uneasy
Don't come to me with you pityful plea
Well, Miss Pearl, Miss Pearl
The signs on you show, you've been out so late
The signs on you show, you've been out so late
You don't look very delighted
I'm gonna go out with Miss Kate

Well, Miss Pearl, Miss Pearl
Daylight recalls you, hang your head, go home
Daylight recalls you, hang your head, go home
The way you look right now
Don't even call me on the phone
Well, Miss Pearl, Miss Pearl
Daylight recalls you, hang your head, go home
Daylight recalls you, hang your head, go home
The way you look right now
I know you never, I know you never more gonna roam
