

# Please Don't Call

Chris Isaak

I don't want you to be sorry  
I don't need you to feel sad  
I don't want you to forgive me  
What's the use of being bad

Please don't call  
We'd only start again  
We won't change  
so why should we pretend

I don't want your sympathy,  
I don't care what's wrong with me  
I don't need you to believe  
I'm just leaving

Cold to walk out while you cry  
But you know the reason why  
it's an eye for an eye, now we're even

You cheated me, I cheated you  
We deserve what we've been through

I don't want you  
But I won't you  
to remember how it felt

When I held you  
When I loved you  
If your lonely now  
Blame yourself

Please don't call  
We'd only start again  
We won't change  
So why should we pretend?

I don't want your sympathy  
I don't care what's wrong with me  
I don't need you to believe  
So I'm leaving

Cold to walk out while you cry  
but you know the reason why  
It's an eye for an eye

You cheated me, I cheated you  
we deserve what we've been through  
oooooooo...

Please don't call  
We'd only start again  
We won't change  
So why should we pretend

I don't want your sympathy!  
I don't care whats wrong with me!  
I don't need you to believe!

I'm just leaving!

Cold to walk out while you cry  
but you know the reason why!  
It's an eye for an eye  
Now we're even

You cheated me, I cheated you  
We deserve what we've been through  
We can't change who we are  
we fell in love but we went too far  
oooooooooooo...
