

## This Time

Chris Isaak

I know I let you down the last time.  
You said then there'd be no next time.  
One more chance is all I'm asking.  
Is it so hard to be forgiven?

If only I could make you see  
how much your love could mean to me.  
This time..  
This time..

Cause I know the world can turn against you.  
But this time I'm gonna be there for you.

I know I said I'd change the last time.  
But it won't be the same this time.

If only I could make you see,  
how much your love is changing me.  
If only we could start again.  
This time.  
This time.

If only I could make you see.  
What one more chance could mean to me.  
If only we could start again.  
This time.

This time..  
This time.  
This time.

I know it's gotta work out this time.
