

## Waiting

Chris Isaak

Here I stand and I'm waiting, here I stand and I'm waiting.  
Here I stand and I'm waiting down, where I used to meet you down.

Where the world was our toy.

Here I stand and I'm wondering why, did you ever leave me, why?  
Break the heart of that boy.

Here I stand with my heart in my hands and I offer love to you.  
Here I stand with my world gone wrong and I wonder what to do.

Here I stand and I'm waiting, here I stand and I'm waiting.

Here I stand with my heart in my hands and I offer love to you.  
Here I stand with my world gone wrong and I wonder what to do.  
What to do.

Here I stand and I'm waiting, here I stand and I'm waiting

Oh how I've missed you, I wanted to kiss you.  
I dreamt that I held you and I lost you again.  
Lost you again.

(Here I stand and I'm waiting)

And I lost you again.

(Here I stand and I'm waiting)

And I lost you again.

(Waiting)
