

We Lost Our Way

Chris Isaak

We started walkin'
And then we learned to run
I still don't know what
We're runnin' from
You said you loved me
But you couldn't stay

Oh we lost our way
In California
Down in L.A.
They never warn ya

It just all goes wrong,
It all turned bad
You said that love
Was a funny thing
And you'd move faster
Without a ring

Oh we lost our way
In California
Down in L.A.
Nobody warns ya
It just all goes wrong,
It all turns bad

We searched for something
We could not find
And somehow somewhere
Love got left behind

Yeah we lost our way
In California
Down in L.A.
They barely warn ya
It all goes wrong
Oh it all turns bad

I don't look back
Cause it hurts too much
To see everything that
We just gave up

Oh we lost our way
In California
Down in L.A.
Nobody warns ya
Oh we lost our way
In California

And it all went wrong
It all turned bad
It all went wrong
It all turned bad
