

# We Lost Our Way

Chris Isaak

We started walkin'  
And then we learned to run  
I still don't know what  
We're runnin' from  
You said you loved me  
But you couldn't stay

Oh we lost our way  
In California  
Down in L.A.  
They never warn ya

It just all goes wrong,  
It all turned bad  
You said that love  
Was a funny thing  
And you'd move faster  
Without a ring

Oh we lost our way  
In California  
Down in L.A.  
Nobody warns ya  
It just all goes wrong,  
It all turns bad

We searched for something  
We could not find  
And somehow somewhere  
Love got left behind

Yeah we lost our way  
In California  
Down in L.A.  
They barely warn ya  
It all goes wrong  
Oh it all turns bad

I don't look back  
Cause it hurts too much  
To see everything that  
We just gave up

Oh we lost our way  
In California  
Down in L.A.  
Nobody warns ya  
Oh we lost our way  
In California

And it all went wrong  
It all turned bad  
It all went wrong  
It all turned bad
