

# You Don't Cry Like I Do

Chris Isaak

You don't lie awake at night like I do  
'Cause you don't feel the way I do about you  
You don't know how much this whole thing hurts me  
'Cause you don't cry  
'Cause you don't need me now  
'Cause you don't want me now  
You don't want me 'cause you don't love me  
That's what kills me  
You don't lie there wishing you could kiss me  
I bet you don't ever even miss me  
You don't know how much this whole thing hurts me  
'Cause you don't cry  
'Cause you don't need me now  
'Cause you don't want me now  
You don't cry  
'Cause you don't need me now, you don't want me now  
You don't want me, you don't love me  
That's what kills me  
How long will my heart wait?  
Each night I pray to be with you  
How long will this heart ache?  
Until the day you love me, too  
No, you don't cry  
'Cause you don't need me now  
'Cause you don't want me now  
You don't want me, you don't love me  
And that's what kills me  
You don't lie awake at night like I do  
'Cause you don't feel the way I do about you
