

Go On Home

Chris Knight

I use to run from the past
But the world got to spinnin' so fast
I run from the future now
I run as fast as I can
Tryin' to be a simple man
I just want to slow down

[Chorus]

Well laugh if you want to
Call me a backwards fool
But I ain't takin' this ride
Ya'll just go on ahead and go
Let me out by the side of the road
All I wanna do is go on home

Don't go online I don't watch TV
Cause I know all I'm gonna see
Is something stupid goin' on
Stupids in the water these days
They're gonna drink it any way
Till they don't know right from wrong

[Chorus]

Yeah all I wanna do is go on home
