

Album Outro

Chris LeDoux

Before we close out the album I'd like to thank these fine players

If you listen to any of the songs of the superstars of the recording business

The chance is at least one of these pickers was in on the session

The man on the drums Bill Harriss was responsible for getting all of them together for me

And my special thanks go to him for the long days he put in on this project

Bill is a hell of a competitor himself he drives race cars

I also want to thank writers for their new songs

Berke Tarleton out in California for Copenhagen Angel

Gil Milan a Nashville professional for The Scene We All Ain't Saw and Rodeo Trails

And Chimp Robertson of Dalhart Texas rancher Rider flyer bronc rider for the song Re-Ride

We made this tape especially for you the rodeo fans

Their available in many of the western stores or from the address on the label

Thanks for listening I'll see you somewhere out on the rodeo trail
