Chris LeDoux

Well its good to see you folks tonight I hope you got your hats  
on tight

And I hope you're ready to hear some cowboy songs  
You can listen up or party down have a cup or stick around  
There ain't no blues gonna hang around here too long  
Cause tonight we came to have a down home good time  
Gonna do some songs about this western land  
We might even pick until the morning sunshine  
We the wild and wooly saddle boogie band

If your tired of love sick blues cheating songs that were born  
to lose

Well boy I'll tell you you came to the right place  
We're gonna do some western soul a little cowboy rock and roll  
Guarantee to put a smile right on your face  
Cause tonight we came...
