

I Would For You

Chris LeDoux

Darling, I need my freedom
I've been my own man so far
I never felt so free 'til
I got wrapped up in your arms

I know the heartaches
Love can sometimes put you through
Opening up my heart as the last thing I should do
But I would for you

You gotten me thinking things girl
I never even thought about
You got me feeling feelings
And that I never would allow

I passed up a chance
For love a time or two
'Cause I was determined not to be somebody's fool
But I would for you

All of my friends say
They just can't believe it's true
I swore up and down
That I would never say, "I do"
But I would for you
I would for you
