

Now That's All Right With Me

Chris LeDoux

All you have to do now baby is pull on my heart strings
Let me know which way to go that's all right with me
Love me like a river darling I'll love you like the sea
Love me anytime at all cause that's all right with me
Well the night is tender and the night is long and I like what
I see
There's a sparkle in your eyes like the stars in the sky and I
know what that means
Oh anytime or anyplace wherever we may be
Well we're wild and we're young and we're free to love
And that's all right that's all right with me

So close your pretty eyes now darling put me in your dreams
In your world of fantasy that's all right with me

Well the night is tender...
That's all right that's all right with me
That's all right that's all right with me
