

Ay No Digas

Chris Montez

Ay no digas que tu no quieres, que tu no quieres, quieres mi amor

Because I love you, I only want you
Oh, how I need you, that is for sure

If I had sunshine, I'd give it to you
If I had fortunes, I'd do the same
I'd give the stars to nobody but you
And most of all, I'd give you my name

We've been through all kinds of weather
Now is no time to go away
If we could just stay together then ev'rything will be ok, you'll see
Ay no digas que tu no quieres
Ay no digas que tu no quieres, que tu no quieres, quieres mi amor
Because I love you, I only want you
Oh, how I need you, that is for sure

We've been through all kinds of weather
Now is no time to go away
If we could just stay together then ev'rything will be ok, you'll see

You used to tell me there'd be no other to take the place that I have in your heart
And in my gloom you're making room
Don't make me have to, to make a new start
Ay no digas que tu no quieres
Ay no digas que tu no quieres, que tu no quieres, quieres mi amor
Because I love you, I only want you
Oh, how I need you, that is for sure
Ay no digas que tu no quieres, que tu no quieres, quieres mi amor
Because I love you, I only want you
Oh, how I need you, that is for sure
