

# Rock Steady

Chris Murray

Rock steady, steady with me.  
Rock steady, steady with me.  
Rock steady, steady with me.  
Rock steady, steady with me.

Darlin',  
I don't want to change the world tonight,  
Just tell me if it feels right.  
Darlin', this moment can never repeat,  
Will you rock steady, steady with me?

Rock steady, steady with me.  
Rock steady, steady with me.  
Rock steady, steady with me.  
Rock steady, steady with me.

Darlin',  
I don't wanna have to say goodnight,  
Not before we see the sunlight.  
Darlin', tomorrow can never be seen,  
Will you rock steady, steady with me?

Darlin',  
I don't want to change the world tonight,  
Just tell me if it feels right.  
Darlin', don't fight it, you're already free  
When you rock steady, steady with me.

Rock steady, steady with me.  
Rock steady, steady with me.  
Rock steady, steady with me.  
Yeah.
