

Angel of Berlin

Chris Norman

Met her on a stormy Monday
Caught up in the mist within myself
She was on the road to nowhere
And I was on the road to nowhere else
How was I to know our lines would cross
How do I deserve all the love that she is - yeah

Where have you been, where was I going
Angel of Berlin, angel of Berlin
You've been so close but I wouldn't see you
Angel of Berlin, angel of Berlin

How many lonely ways I wandered
How many lovely days I must have missed
I wouldn't wanna miss another
So let me be a better man this time
She makes me sing, she sets me free
And after all I've got somewhere to be

Where have you been, where was I going
Angel of Berlin, angel of Berlin
You've been so close but I wouldn't see you
Angel of Berlin, angel of Berlin

Tonight's the night I've never been so alive
This couldn't be a better day
Yeah, she calls me up & calms me down
And round & round it goes this is oh yeah

Where have you been, where was I going
Angel of Berlin, angel of Berlin
You've been so close but I wouldn't see you
Angel of Berlin, angel of Berlin
Searching for nothing I finally found you
Angel of Berlin, angel of Berlin
I still can't believe how I could ever breathe
Without you
Angel of Berlin
