Angie Don't You Love Me

Chris Norman

You always wanted the good things, oh didn't you girl
Turned your back on the bad things, oh didn't you girl
We started out as lovers, we where more than friends
You tried so hard to cover, oh Angie, why pretend

Oh Angie, the way you look right through me
The lies in your eyes don't fool me
Angie, don't you love me

The secrets that you keep, such a bad thing
The nights I'm losin' sleep, oh it's a sad thing
Now we don't talk together, there's nothin' left to say
We're actin' more like strangers, oh please don't turn away

Oh Angie, the way you look right through me
The lies in your eyes don't fool me
Angie, don't you love me

Oh Angie, the way you look right through me
The lies in your eyes don't fool me
Angie, don't you love me
Angie, don't you love me
Angie, don't you love me
