

Baby I miss you

Chris Norman

I can't stay at home
When the night is calling.
I got lots of friends
To join me for a drink.
But there's no one there
Who can stop me falling.
'Cos your love
Is like the missing link.

Oh baby I miss you
When the memories creep into my mind.
Baby I miss you.
Tears of desperation make me blind.
Baby I miss you.
'Cos I left the good times way behind.
Baby I miss you.
Wanna be with you.

Won't miss a chance.
Looking for a new love
Searching for the girls.
When the day is done
But I feel my heart's
Looking for a true love.
And I know
You're the only one.

Oh baby I miss you.
When the memories creep into my mind.
Baby I miss you.
Tears of desperation make me blind.
Baby I miss you.
'Cos left the good times way behind.
Baby I miss you.
Wanna be with you.
