

Baby It's History

Chris Norman

Baby it's history talking about you and me
I don't need your kind of loving so set me free
Oh baby it can't be right loving you day and night
'cos the way you treat me lately
Baby I'm losing sight of me
Oh baby it's history, oh,oh,oh, baby it's history

Let's call it a day
My heart's too easy to break
'cos living with you
Ain't easy to do
And it's all I can take

Baby it's history talking about you and me
I don't need your kind of loving so set me free
Oh baby it can't be right loving you day and night
'cos the way you treat me lately
Baby I'm losing sight of me
Oh baby it's history, oh,oh,oh, baby it's history

I'm packing my bags
I'm gonna walk out the door
I'm letting it go
'cos baby you know
I can't take anymore

Baby it's history talking 'bout you and me
I don't need your kind of loving so set me free
Oh baby it can't be right loving you day and night
'cos the way you treat me lately
Baby I'm losing sight of me
Oh baby it's history, oh,oh,oh, baby it's history
