

Follow Me

Chris Norman

Follow me
When your life's not like it seems to be
Take a chance on me
And we'll hit the road to honesty

Baby follow me
On the tender wings of fantasy
One day we will be
On the other side of liberty - baby

Just follow me
When a pale moon's rising
Follow me
When the night's enticing
Hold my heart
When the world we know just falls apart
We walk together hand in hand
I just want you to understand
That love's the only thing that's real
So follow me and do what you feel

Follow me
To a place where life is strong and free
If you come with me
We keep our dream eternally
When you follow me
To a land where only love is true
Baby you will see
I'll do anything you want me to

Just follow me
When a pale moon's rising
Follow me
When the night's enticing
Hold my heart
When the world we know just falls apart
We walk together hand in hand
I just want you to understand
That love's the only thing that's real
So follow me and do what you feel

Follow my heart
We walk together hand in hand
I just want you to understand
That love's the only thing that's real
So follow me and do what you feel

Oh just follow me
