## **I Need Your Love**

## **Chris Norman**

I've travelled through my share of sorrows And we have had our ups and downs And I always knew that beg, steal or borrow That it felt so good having you around

In my life I've had some good friends But no one knows me Like you do

I need your love Like a river needs the sea Like the sun is in the sky Like a baby needs to cry That's how much you mean to me

I need your love Like an eagle has to fly And as the light begins the dawn You give me strength to carry on, I know I need your love
