

Let The Beat Begin

Chris Norman

Oh, oh let the beat begin
Come on baby feel the
mood I'm in
Oh, oh let the good times roll
Come on baby satisfy my soul
Let the beat begin

Leave your inhibitions
all behind you
The world and all its troubles
they won't find you
"What we gonna do?"
we're gonna get high
"Where we gonna be?"
we'll reach the sky
And we're never gonna stop
No, we're never giving up

Oh, oh let the beat begin
Come on baby feel the
mood I'm in
Oh, oh let the good times roll
Come on baby satisfy my soul
Let the beat begin

Throw away your fears now
and forever
We will rock away
the night together
"What we gonna do?"
we're gonna get high
"Where we gonna be?"
we'll reach the sky
And we're never letting go
Yeah we're putting on a show

Oh, oh let the beat begin
Come on baby feel the
mood I'm in
Oh, oh let the good times roll
Come on baby satisfy my soul
Let the beat begin

Oh, oh let the beat begin
Come on baby feel the
mood I'm in
Oh, oh let the good times roll
Come on baby satisfy my soul
Let the beat begin ...
