

# Long Way From Home

Chris Norman

Hey momma don't you leave me  
Hey momma don't you go  
Hey momma can't you see  
I'm a lonely man a long way from home  
Hey momma take it easy  
Like Juliette and Romeo  
Hey momma don't you leave  
I'm a lonely man a long way from home

I got money in my pocket  
And a suitcase in my hand  
I got a key so I can lock it  
'Cos I'm a cautionary man

Well you once said you needed me  
But now you've laid me low  
'Cos baby if you're leaving me  
You'll hurt me like you don't know no, no, oh, oh
