

# Love Is A Bridge Between Two Hearts

Chris Norman

We walked to the dark side  
But we couldn't find a way out  
Endless discussions  
Both of us were helpless and proud

And though we talked to each other  
We just fought with words  
Losing emotions  
Now we know it hurts

Hold me tight  
Life's not life without you  
Whatever you may feel - I feel it too

Love - love is a bridge between two hearts  
You gotta build it when love starts  
And we'll get through  
Me and you  
Love - love is a bridge between two hearts  
Made out of many different parts  
It's all you give  
It's all you take

Sometimes mixed emotions  
Make you lose your self control  
The tears you're cryin'  
Like blue pearls in your soul

And at the cross roads of passion  
Never say good bye  
But all or nothing  
Is just a stupid lie

Hold me tight  
Life's not life without you  
Whatever you may feel - I feel it too

Love - love is a bridge between two hearts  
You gotta build it when love starts  
And we'll get through  
Me and you  
Love - love is a bridge between two hearts  
Made out of many different parts  
It's all you give  
It's all you take

Love - love is a bridge between two hearts  
You gotta build it when love starts  
And we'll get through  
Me and you  
Love - love is a bridge between two hearts  
Made out of many different parts  
It's all you give  
It's all you take
