

# One last kiss

Chris Norman

One last kiss,  
is all I'll ever ask from you  
On a night like this,  
there's nothin' I would rather do  
One last dream is all you  
ever give to me  
Nights no longer seem as lonely  
as they used to be  
One last kiss,  
is all I'll ever ask from you  
On a night like this,  
there's nothin' I would rather do

Oh, on a night like this  
I'd give you everything  
Although I've missed things,  
kept out of sight  
I'd rather be with you  
tonight than anything  
And when I feel your touch,  
sometimes it hurts so much  
The way you look at me  
can never set me free  
I gotta have your love

One last kiss,  
is all I'll ever ask from you  
On a night like this,  
there's nothin' I would rather do  
One last dream is all you  
ever give to me  
Nights no longer seem as lonely  
as they used to be  
One last kiss,  
is all I'll ever ask from you  
On a night like this,  
there's nothin' I would rather do

Oh, with a girl like you,  
I don't know who to be  
Sometimes you play me  
best out of three  
I just don't want you givin' me  
your charity  
And though I need your touch,  
sometimes it hurts so much  
And when the feelin's gone,  
and you still lead me on  
I've got to have your love

One last kiss,  
is all I'll ever ask from you  
On a night like this,  
there's nothin' I would rather do  
One last dream is all you  
ever give to me  
Nights no longer seem as lonely

as they used to be  
One last kiss,  
One last kiss  
One last kiss ...
