

Only You

Chris Norman

Heartaches and mistakes are all I can see

You know that every time you go
You break my heart again
It's true I'd give my heart to you
On that you can depend

til I found you I was lost for good
But now at last i've understood

I don't wanna use you or abuse you
I don't wanna lose your love to anyone
I will never hurt you or desert you
Baby I just wanna dance
With only you, only you

Some day my love will find a way
Well never be apart
For you are everything to me
You're safe in my heart

Lonely nights in a wishing well
til you came along and cast you spell

I don't wanna use you or abuse you
I don't wanna lose your love to anyone
I will never hurt you or desert you
Baby I just wanna dance
With only you, only you

I know no matter where I go
I'll come running back again
This time I give my heart to you
My love will never end

Oh I don't always let my feelings show
But I guess by now you ought to know

I don't wanna use you or abuse you
I don't wanna lose your love to anyone
I will never hurt you or desert you
Baby I just wanna dance
With only you, only you
