

Right Time, Wrong Place

Chris Norman

Give up your heart it's time for some kissing
A girl like you don't know what you do to me
Look up your eyes and see what you're missing
Move in closer girl, tell me what you need

Oh there's a way you look that's so hard to forget
Yeah there's a look that's in your eyes
You know I wanted you from the moment we met
And if you feel it too you ought to realise

That it's the right time
Though it's the wrong place
But it's the right time to fall in love with me
And it's a nice smile yeah it's the right face
Oh it's the right time to fall in love with me

Well you don't know, the way that I'm feeling (you don't know)
And your sweet lips on mine, baby feel so cool (feel so cool)
So open up my senses are reeling (open up)
The way you turn me on, breaking every rule

Oh there's a way you look that's so hard to forget
Yeah there's a look that's in your eyes
You know I wanted you from the moment we met
And if you feel it too you ought to realise

That it's the right time
Though it's the wrong place
But it's the right time to fall in love with me
And it's a nice smile yeah it's the right face
Oh it's the right time to fall in love with me

Yeah it's the right time (for falling in love)
Though it's the wrong place (for crying in your sleep)
But it's the right time to fall in love with me
And it's a nice smile (for falling in love)
Yeah it's the right face (for secrets you keep)
Oh it's the right time to fall in love with me
