

# Rock Away Your Teardrops

Chris Norman

Did he tell you he loved you  
Did he tell you he needed you  
Well he lied to you  
Like they always do  
Did you fall for his words  
Words you must have heard  
So many times  
Still your love is blind

You should know better by now  
I thought you'd learned your lesson  
You should know better by now  
Girl, girl  
You must

Rock away your teardrops  
Rock away rock away rock away  
Rock away your teardrops  
Rock away rock away rock away

Did he send you his letters  
Did he ever remember  
To write to you  
The way lovers do  
Oh no  
Was he ever on time  
Did he show all the signs  
I thought you'd see  
Believe in me

You should know better by now  
I thought you'd learned your lesson  
You should know better by now  
Girl, girl  
You must

Rock away your teardrops  
Rock away rock away rock away  
Rock away your teardrops  
Rock away rock away rock away

Rock away-aaay

Rock away-aaay

So he told you he loved you  
So he told you he needed you  
Well he lied to you  
Like they always do  
Like they always do  
Like they always do  
Like they always do

Rock away your teardrops  
Rock away rock away rock away  
Rock away your teardrops  
Rock away rock away rock away

Rock away your teardrops  
Rock away rock away rock away  
Rock away your teardrops  
Rock away rock away rock away
