

# Stop at Nothing

Chris Norman

I'll stop at nothing  
To make you feel bad,bad,bad  
I'll take the time out  
It's driving me mad,mad,mad,

I wanna find you,  
Wher-ever you go,go,go  
I'll be right behind you,  
Till you begging me no,no,no

This strange desire  
My soul is on fire  
I'll stop at nothing  
O,no

I can't take no more,more,more  
Nothing  
I'm burnt,to even the score,ooo  
Nothing, nothing, nothing,  
nothing, nothing

I'll stop at nothing,  
I'm out of my mind,mind,mind  
I gonna make you cry out,  
And you gonna fine,fine,fine

This strange desire,  
my soul on fire  
I'll stop at nothing  
O,no

I can't take no more  
Nothing  
I'm burnt,to even the score  
Nothing,nothing

I'll stop at nothing  
O,no I can't take no more  
Nothing,I'm burning to even to score  
Nothing, nothing, o no.nothing
