

Till The Night We Meet Again

Chris Norman

Love hurts
From the moment that I touch you
I feel love hurts
And the feeling when I kiss you
Oh, this love hurts
And I hear your heart is beating next to mine heart
Oh, my heart
Love hurts
Oh, I need you more than ever, baby, love hurts
And I can't be wrong together, oh, this love hurts
Don't let it slip away

Till the night we'll meet again
I will hold you in my heart
Take me just the way I am
We'll never break apart
Till the night we'll meet again
See the heaven in your eyes
And my heart just wouldn't be there
If I lose my paradise

Love hurts, when I'm calling out your name
I feel that love hurts
And there's no one else to blame
You know this love hurts
Every hour and day
I know there's nothing better, oh, then you babe
Love hurts, what a kind of fool I am
Oh baby, love hurts and I let you go again
And so this love hurts
I see you in my dreams
