

# Wish You Well

Chris Norman

Wish you well, wish you well  
As you go on your way  
And I hope your new life  
Be all you wanted  
And whatever you do  
May your god go with you  
When you look for the truth  
I hope you'll find it  
'Cos I could never be  
The way you wanted

Though I tried everything  
I always knew it  
No I could never be the way  
You wanted me to be  
We were chasing a dream  
But I just couldn't seem  
To make you love me  
The way I love you  
And I wish you never forget  
Every day since we met

And a piece of your heart  
Will still remember  
So just follow the sun  
May it brighten your way  
To a future of hope  
And understanding  
And I won't say a word  
To make you stay love  
'Cos I can't say anything  
If you don't know it  
No I won't say a word

'Cos it's too late  
For that for me  
Now it's over and done  
I was never the one  
To make you need me  
The way I need you  
And I could never stand  
To see you cry love  
I'll always be here for you  
So please don't feel bad

No I would never wish to see  
You falling on your knees  
And it's right you should leave  
And I finally believe  
You never loved me the way  
I loved you  
Wish you well, wish you well  
As you go on your way  
And I hope your new life  
Be all you wanted
