

Daytona

Chris Rea

1. Diamond dream
When the sun don't shine
I close my eyes to see
Twelve wild horses
In silver chains
Calling out to me

R: Oh Daytona
Shine your light on me
Oh Daytona
Shine your light on me

2. Now she ain't easy
So you take good care
Or she will scream down on your lust
She can please you
Like no other
Or she can leave you eating dust

R: Oh Daytona...

3. Burning passion
Heat my day
Let me sit inside your wonder
Cloudless daydream
Oh dance of dances
To have tamed the sound of thunder

R: Oh Daytona...
