

I Can't Wait For Love

Chris Rea

I saw an old soul
Out on the street
Certain kind of sad eyes
Seemed so strong and so deep
I say where are you going?
What do you do?
I need to find out
Why I'm so affected by you
A voice of an angel

Came from this battered soul
He said I'm waiting for love
Oh I'm waiting for love

There were tears in his eyes
All the different kind
So full of lies
But refusing to shine
They burned like a fire
Of what could have been
If only we'd looked
Maybe we could have seen
Voice of an angel
Came from this battered soul
He said I'm waiting for love
I'm waiting for love
Oh I'm waiting for love
Yeah, I'm waiting for love

Nobody knows, nobody cares
Everyone wants it
But nobody shares
I'm waiting for love
He said I'm waiting for love
Oh I'm waiting for love
