Jazzee Blue

Chris Rea

Well, let me tell you
Let me tell you something new
Oh, let me tell you
Let me tell you something new
Oh' I've found an angel
She put some jazz into my blue

Oh she turned me over
There was nothing I could do
Yeah she turned me over
There was nothing I could do
Well she took me down real easy
Turned my grey skies jazzy blue

Oh I was beat up I was busted
I was lonely I was blue
That's right
I was beat up I was busted
I was lonely I was blue
She kicked my ass and laughed loud
Threw out everything I knew

Well, she danced me into pieces
She broke that tired old heart in two
Yeah, she danced me into pieces
She broke that tired old heart in two
Well, I was laughing all the way
She turned my world to jazzy blue

Yeah yeah yeah turned me jazzy blue
Turned my world to jazzy blue

Oh she turned my world
Turned my world jazzy blue
Oh she turned my world
Turned my world jazzy blue
