

Midnight Blue

Chris Rea

1. I got my money
I got it here in my hand
Ok let me tell you
This is how we stand
I've waited so long
But a good thing's never too late
So don't take no chances
Leave nothing to fate

I wanna walk tall in midnight blue
Look good, oh so good
Step out in midnight blue, midnight blue

2. I watch the razors with their class and their style
Dressed to kill, man their lives is just one great big smile
And oh I wanna be there when they dish that stuff out
Cool and collected, man that's what it's all about
So gimme, gimme, gimme

I want midnight blue
Oh I love midnight blue
I'm gonna step out in midnight blue
Oh gimme, gimme, gimme midnight blue
